ROWE Professional Services Company Receives Two Paving Association Awards

Flint, Michigan, Dec. 14, 2018 – Two projects for which ROWE Professional Services Company provided services received awards from the Asphalt Pavement Association of Michigan (APAM) during a ceremony Dec. 12. Projects are judged on their appearance, ride, texture uniformity, longitudinal and transverse joints, edges, approaches, utility covers, and degree of difficulty.

Phase 1 of the Iron Belle Trail in Genesee County was chosen for an excellence award in the recreational projects category. ROWE designed the trail and perform construction engineering for the Genesee County Road Commission / Genesee County Parks and Recreation Commission; Ace-Saginaw Paving Company was the contractor.

The phase of the trail honored is 2.25 miles long and located between Genesee Road and Vassar Road in Genesee Township. A few challenges during the project were constructing the trail with limited access, including a 20-foot ravine crossing, and various slope and drainage issues.

MDOT-Huron Transportation Service Center's mill and resurfacing project on I-69 in St. Clair County was chosen for an award of merit in the single course overlay projects category. Ajax Paving Industries, Inc. was the contractor and ROWE performed full construction engineering.

APAM is the voice of the asphalt paving industry and promotes the best of industry practices and product knowledge. It has nearly 190 contractor, associate, supplier, academic, and affiliate members.

ROWE's headquarters is in Flint, Mich.; additional offices are located in Lapeer, Mt. Pleasant, Farmington Hills, and Grayling, Mich., and Myrtle Beach, SC.

ROWE is a full-service professional firm specializing in civil engineering, land surveying, aerial photography/mapping, landscape architecture, and community planning.
