## **Four ROWE Projects Win Asphalt Pavement Association Awards**

**Flint, Mich., November 17, 2016** – Four projects for which ROWE Professional Services Company provided engineering services have been recognized by the Asphalt Pavement Association of Michigan (APAM) for their excellence.

The projects selected for awards are:

- I-75 Overlay owned by the Michigan Department of Transportation-Oakland Transportation Service Center and located in Independence Township and the City of Auburn Hills, Mich. won the Award of Excellence in the Single Course Overlay Projects Category. Ajax Paving Industries was the contractor. ROWE provided construction engineering.
- North Almont Avenue Reconstruction owned by and located in the City of Imlay City, Mich. won an Award of Merit in the Urban Street Projects Category. Ace-Saginaw Paving Company was the contractor. ROWE provided design and construction engineering services for the project.
- Kettering-GM Mobility Research Center owned by Kettering University and located in the City of Flint, Mich. won an Award of Merit in the Special/Challenging Projects Category. Ace-Saginaw Paving Company was the contractor and Clark Construction Company performed inspection. ROWE provided design engineering.
- Tuscola Intermediate School District Parking Lot Reconstruction owned by the school district and located in the City of Caro, Mich. won an Award of Merit in the Commercial Projects category. Ace-Saginaw Paving Company was the contractor. ROWE provided design and construction engineering services for the project.

APAM is the voice of the asphalt paving industry and promotes the best of industry practices and product knowledge. It has more than 160 contractor, associate, supplier, academic, and affiliate members.

ROWE's headquarters is in Flint, Mich.; additional offices are located in Lapeer, Mount Pleasant, Farmington Hills, Lansing, Grayling, and the tri-cities area in Mich., and Myrtle Beach, SC.

ROWE is a full-service professional firm specializing in civil engineering, surveying, aerial photography/mapping, landscape architecture, and planning.
